Sir :

This is to confirm November 18 and 30, 2004 telephone conversations with the Examiner wherein the November 1, 2004 Office Action was discussed with respect to the citation of documents therein that were not listed on a Form PTO-892, including U.S. Patent Nos. 5,556,948, 5,686,101, 6,787,153 and 6,139,869. Moreover, the examiner was requested to review the judicially created obviousness-type double patenting rejections set forth in the Office Action as it appeared that the cited U.S. patents may be available under 35 U.S.C. 102.

The examiner indicated that he would review the Office Action, and will mail a communication restarting the period for response from the mailing of the communication.

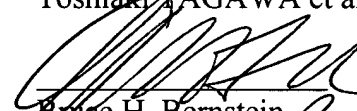

P21620.A14

Applicants therefore respectfully expressly request the mailing of a new communication restarting the period for response from the mailing of the communication.

Should the Examiner have any questions regarding this application, the Examiner is invited to contact the undersigned at the below-listed telephone number.
